## SEWER PLANT INFORMATION:

Do not flush disposable diapers, tampons, and other personal items down the sewer. It can cause very costly repairs for the clean out. Sewer enforcement is continuing in the sewer district and the township is still checking clean-outs at the roads. These are necessary. If your contractor removes a clean-out you will need to have them reinstalled at the homeowner's expense. Any questions are directed to Andy Gwizdala at (989) 435-9867.

OTHER INFORMATION: The Tall Grass Ordinance is enforced upon receipt of complaints. A letter will be sent to property owner of the complaint and if ignored, the township will have the grass mowed and billed to the property owner and placed on their tax bill if left unpaid. We appreciate you keeping your properties looking good!

SENIOR DINNERS: Anyone in our township over the age of 60 years young is welcome to enjoy a delicious well balanced meal Mondays through Fridays.
